

Improve the efficiency of your buildings with **economical alterations services.**

ISD Facilities Operations Service

Alterations & Improvements Service

Internal Services Department

SERVICES INCLUDE

Painting, flooring & signs

Paint walls, install carpet and linoleum and produce and install building signs.

Electrical, alarms, locks and heating/cooling

Perform electrical system installations, install alarms and locks and install heating and air conditioning systems.

Woodwork, brickwork and roofing

Provide a full range of carpentry, millwork and masonry services as well as roofing installations and repairs.

ISD Facilities Operations Service (FOS) provides a wide range of alterations and improvements for Los Angeles County facilities. We can assist your department with all aspects of your project including modifying or removing existing construction, planning and installing new facilities capabilities and managing your improvement project from start to finish.

ISD Alterations and Improvements skilled staff can:

- Repair current roof and install new roofing
- Install, modify or remove existing construction
- Plan and install new facility capabilities
- Install insulation and heating/air conditioning systems
- Paint and perform dry wall installation

FOS ALTERATIONS & IMPROVEMENTS BENEFITS

LOWER COSTS

Centralized services means we can reduce your costs for facilities improvements or alterations.

ADHERENCE TO COUNTY BUILDING STANDARDS

ISD's facilities experts understand the requirements for County buildings and can work with you to ensure your alterations adhere to standards and come in on-time and within your budget.

LONG-TERM IMPROVEMENTS

We use materials and standards designed to extend the life of County facilities and maximize efficient use of your properties.

SIMPLIFIED ADMINISTRATION

We manage your improvement project from start to finish without the need for you to bid out or manage sub-contractors for various project tasks.
