## FOR

### ELECTRIC VEHICLE SUPPLY EQUIPMENT INSTALLATION AND MAINTENANCE TRAINING

Please return this form to [EVProgram@isd.lacounty.gov](mailto:EVProgram@isd.lacounty.gov)

---

ISD in partnership with Cerritos College is developing an EVSE workforce training. The pilot will be offered in mid 2023. The training will be modular, so you can take the entire course, or just the module that aligns with your work. Modules will include skills development in EVSE project management, installation, and maintenance issues. Individuals that complete and return this form will be given the first opportunity to enroll in the course. The course fees and materials will be covered by a grant from the California Energy Commission.
